

TELESCOPIC BRICK FORK

Self-leveling device

WHITNEY

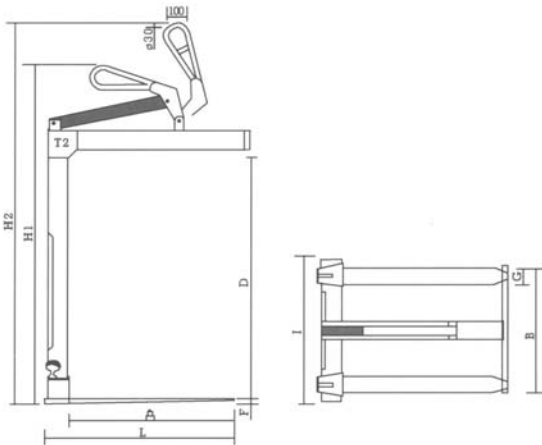

SECATOL

The GER AU RH Telescopic Brick Forks are designed to lift both brick packs and pallets, by utilising the adjustable forks and three position load height setting.

The compensation mechanism attached to the lifting eye ensures the forks remain level with or without a load.

The GER AU RH is supplied with a safety net to comply with current regulations, is CE marked with EC Declaration of Conformity and Test Certificate.
