NAT 4

**Presentation:** For exceptional, urgent and non-repetitive work, as well as inspection visits or other interventions, the range of NAT / NAB crane man cages allows the transport of one or several persons to a place which would otherwise be inaccessible, because of access constraints.

Designed in accordance with the regulation, these crane man cages can only be used exceptionally and in accordance with the decree of the 2<sup>nd</sup> December of 1998.

**Lifting mean:** Delivered with 4 leg lifting slings to be lifted with a crane.

**Capacity:**

- NAT 1: 1 person
- NAT 2: 2 persons
- NAT 4: 4 persons

**Access:** By lifting the sliding bar which automatically returns to closed position when released.

**Safety:** Fixing points on the upper part of the cage and the operator has a handrail to hold when the cage is moved.

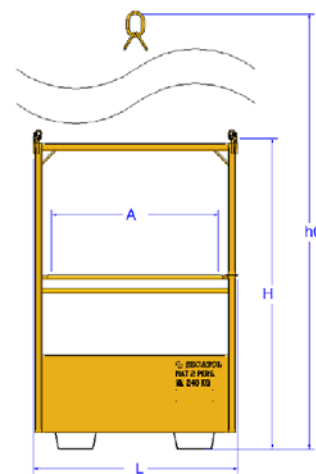

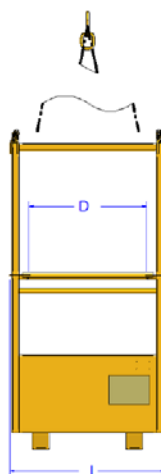

**Finish:** Painted or galvanized.
